## About YEAC

The Young Entrepreneurs Association of Cambodia (YEAC) was launched in September 2009 by a team of passionate Cambodian young entrepreneurs from various business sectors. It was established as a volunteer-driven non-profit organisation with the ambition to empower young entrepreneurs and enhance youth entrepreneurship. We firmly believe that a country's next-generation economy's progression largely depends on the young professionals' readiness to become entrepreneurs and business leaders, thereby contributing to its economic growth and general development.

## COMPANY'S NAME

Sabay Digital Corporation Ltd.

## COMPANY'S PROFILE

Sabay Digital Corporation is the leading digital media and entertainment group in Cambodia. Our diverse brands share a common mission: help our customers get the most out of the online revolution. With cutting-edge services, engaging content and leading online properties, we want Sabay (meaning “Happiness”) to always be associated with awesomeness. We strive to innovate in everything we do: online and mobile gaming, movies, infrastructure, content platforms and more. We are proud to have in our portfolio Sabay News, the most visited Khmer website. Cambodia is an exciting country with a dynamic youth community eager to play an active role in the digital era. Sabay Digital Corporation (formerly known as CIDC Information Technology) was formed in 2007 to help meet this demand, with new services and products including online content and mobile entertainment. Sabay is a forward thinking pioneer and has been the first to introduce online gaming, unified SMS content and original online entertainment (news, movies, music and TV) in the Kingdom of Wonder.

## COMPANY'S NAME

Go Global School PLC

## COMPANY'S PROFILE

Go Global School was created in 2015, but its history can be dated as far as 2013. In 2013, professor Lok Lundy and professor Chy Sangvath had come together with a group of other professors from Law Department and other departments to collect ideas and shares in starting up a company. With 62,600 shares collected, a company named Khmer Credits, a small loan company, had emerged and stayed successfully until now under the name of Go Credits.

With the same group of shareholders, who had strong background and work in the education field, they want to improve the education system for their younger generations, where they can be recognised for their education quality internally and internationally. They once again came together and decided to create Go Global School. Go Global School was founded in 2015, and its first ever registration of students began in the 15th of March, 2015. On the 14th of July 2015, Go Global School had received its first legal Business Registration with 31,168 shares. There were only 40 students enroled back then, but now, there are 1200 students who are enrolling in all three programmes.

## COMPANY'S NAME

FOREIGN TRADE BANK OF CAMBODIA

## COMPANY'S PROFILE

The Bank was created following Sub-decree No. 1213 dated 10 October 1979 under the former regime of the State of Cambodia. In 2000, the Bank was separated from the direct management of the National Bank of Cambodia (“the Central Bank”) in order to transform its permanent identity into a state-owned commercial bank in Cambodia with the features of a Public Economic Enterprise and with the intention of conducting the autonomous business operation. In January 2001, the Bank obtained its banking license from the Central Bank to operate as a commercial bank in the Kingdom of Cambodia for a period of three years starting from 4 January 2001. This was the first license granted to enable the Bank to operate as a separate legal entity independent from the Central Bank’s direct management. On 8 January 2004, the Bank obtained its 2nd banking license from the Central Bank for a period of three years starting from that date. The Bank now holds a commercial banking license, which was renewed for an indefinite period, on 21 December 2006.

### COMPANY'S NAME

RMA Cambodia

### COMPANY'S PROFILE

RMA specializes in providing essential products and services to economies in transition. We work alongside the development community in emerging and post-conflict markets to build or rebuild local infrastructure – for example, power generation, transport, communications, and heavy equipment.

To our customers in such markets, RMA is a long-term partner rather than a long-range supplier. We invest, employ and support on the ground – backing up the quality of our products with an unswerving commitment to service long after the sale.

The RMA operating philosophy has three guiding values that are essential to our culture and the way we serve our customers and the communities in which we function. These are Innovation, Integrity, and Endurance.
